

SUTEX LLC

*Company for production, trade,
utilities and other services*

WE
TAKE
CARE
OF
YOUR
WASTE

PROTECTING HUMAN ENVIRONMENT

Our special purpose vehicles, with automatic windows, allow for easy set-up of containers at places designated by users.

We can haul transport the heaviest materials in our containers, because all our vehicles are carrying capacity up to 10,000 kg.

EQUIPMENT:

Šutex Ltd has a large number of containers made of quality materials for various types of waste. Thanks to excellent design and construction of container, heavy weight waste materials can also be transported.

Containers and dimensions:

volume	length	width	height
6m³	3700mm	1650mm	1100mm
7m³	4350mm	1800mm	1250mm
12m³	4250mm	1750mm	1750mm

We can also offer you "launching pipe" for launching a shot from the higher floors of the site and directly into the container.
